About the JPVL/PVL

From the Volleyball Queensland website:

Premier Volleyball League (PVL) is the highest level of senior weekly volleyball played in South East Queensland.

And

Junior Premier Volleyball League (JPVL) is the highest level of junior weekly volleyball played in South East Queensland.

Easts has been entering teams into PVL since Easts was incorporated in 2005 and into JPVL since that competition started.

Easts participation in the PVL and JPVL competitions represent the highest level of regular volleyball programs offered by Easts both in terms of player skill and the numbers of members of the club.

Easts sees PVL and JPVL as key development pathways for club members. Easts vision is to support players progress through the levels of PVL and JPVL if this is the player's personal aim. Participation in PVL and JPVL supports players progressing to higher levels of volleyball participation.

Easts aim to ensure that the PVL and JPVL programs provide a clear development pathway for players. To support this, it is important that there is consistency across all PVL and JPVL programs particularly in coaching. Player and supporter (particularly parents) experience of the programs is an important factor. Based on feedback from our players and their supporters, this experience depends on high quality coaching, coach compliance with club policies particularly child and member protection policies, and high levels of communication both a program and team level.
