EASTS APP

User Guide (PVL Trials)

WELCOME TO OUR NEW APP!

This year to add in easier registrations, we have developed our very own app! This is a very brief document on how to register for our app. As more features become available, we will update this document.

GETTING STARTED

To access the app, you will need to create a new user profile.

1. Click on the button "Create a New User Profile"
2. Enter the required fields
3. Click on Sign Up

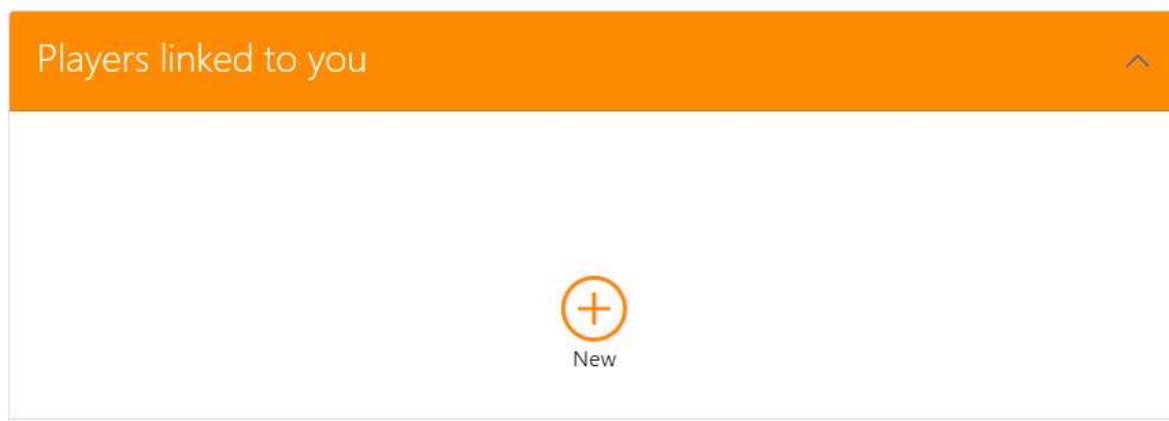

USER PROFILES

There are two types of user profiles: yours, and the people you manage.

- Each account can have multiple user profiles. This is so that parents/guardians can manage multiple children from one account.

Creating a User Profile

1. Press the 'New' Button
